Technical Details of how the planetary patterns are determined: Each interpretation is based on a 3-planet pattern. The 3 planets are forming a midpoint structure where a planet forms one of the following aspects to the midpoint of 2 other planets: conjunct or opposition with 2 degree orb, square with 1 1/2 degree orb, semisquare or sesquiquadrate with a 1 degree orb, or 1/16, 3/16, 5/16, or 7/16 with a 30 minute orb. Also, the 3 planets are aspected to each other in the same harmonic. The harmonics analyzed are 1 through 64 and any doubling of these numbers, such as 120 which is a double of 60, up to 180. The total number of harmonics analyzed is 108. In the harmonic chart all 3 aspects are within a 12 degree orb. Also, any midpoint structure involving a conjunction or opposition aspect within a 1 1/2 degree orb, even if a harmonic triangle is not involved, is interpreted.

Given below is a brief interpretation of your birth chart. The major themes in your life are described. The themes are presented approximately in the order in which they are a priority in your life. In other words, the themes which are most important are, in general, described near the beginning of the report, and the less important themes are described towards the end of the report.

Each astrological influence described in this report is a resource available to you. It is up to you to express these energy patterns in the best possible way. It is possible to repress, block, or try to avoid issues, or to fight yourself; hopefully this report will help clarify issues in your life, and encourage you to master your life rather than be a victim of circumstances.

Moon Opposition Venus/Uranus 0 deg 01 min

You enjoy lively music and dance. You have a good sense of rhythm and probably you have an infectious laugh. You enjoy jokes and tricks. It is likely that you will fall in, and out of, love several times before "settling down" with one person, so it may be best if you do not marry too early in life. Although you are romantic, you do not like to feel smothered or too restricted by your partner.

Moon Opposition Mercury/Mars 0 deg 26 min

You have an aptitude for psychology and history, and with training you can become very good at understanding the historical and psychological roots of current trends and the behavior of people. Also, you are sometimes very impatient with people who do not express themselves clearly, and you appreciate people who can communicate clearly and directly.

Moon Opposition Mercury/Uranus 0 deg 23 min

You have quick reflexes, which gives you talent in some sports, playing a musical instrument, or any other activity that requires quickness and agility. You are very clever and have a good sense of humor. You pick up on things that other people miss. You function well in a fast-paced environment but can become nervous and high-strung from too much stress.

Uranus Conjunct Sun/Neptune 0 deg 51 min

Your imagination and idealism are unusually strong. It is likely that you believe in various paranormal phenomena that most people are skeptical of. In order for your dreams, visions, and fantasies to develop to their greatest potential, it is best if you avoid drugs, alcohol, and stimulants.

Moon Opposition Venus/Mars 0 deg 51 min

You are a very deeply loving, emotional person and you bond very closely to loved ones. Because your feelings run very deep, be very careful in selecting a marriage partner as it can be extraordinarily difficult for you to part ways once you have given your heart to someone. The extent to which you are happy in your romantic relationships and family relationships probably is the main determinant of your overall happiness.

Venus Opposition Saturn/Uranus 1 deg 14 min

You have some conflicting feelings when it comes to your love relationships. You want to be devoted and responsible to the people you love, but you also want to feel uninhibited, unrestrained, and free. Without realizing it, you may make loved ones feel that they are annoying you or bothering you. Try to be patient and calm while trying to resolve any relationship problems that you encounter.

Neptune Conjunct Moon/Pluto 1 deg 42 min

You have great sensitivity to subtle changes in feelings. Mystical or unusual music probably appeals to you, and you feel more at home in an environment that is very imaginative. You enjoy art and music that are deep and profound rather than light and easy.

Sun-Saturn-Neptune 47th Harmonic

You have a great love for people who sacrifice for a worthy cause, and you appreciate people who are not ostentatious, glamorous, or pretentious. You seek simple and deep truths. You succeed in areas that bring real assistance, hope, or solutions to difficult problems. If you are unable to find a satisfying set of spiritual or religious principles, you can become very depressed and downtrodden.

Sun-Uranus-Pluto 44th Harmonic (44=11x4)

You are a free-spirit and an independent person. You are on a mission to do things in a new, creative way. Before you tear down old walls, make sure that the new wall you plan to build is really a better one. If you think things through carefully, you truly can break new ground, open new doors, invent and create something unique.

Venus-Jupiter-Uranus 34th Harmonic (34=17x2)

You have a good sense of rhythm, and you have talent in music and/or dance. You also have a good sense of humor, and when you are in a good mood, you put everyone in a good mood. Very often you are the life of the party.

Mars-Jupiter-Saturn 106th Harmonic (106=53x2)

You are a very good worker. You are enterprising and able to visualize larger goals, and you are also willing to work hard to achieve these goals. You are a good administrator or director of a group effort. Over time you can build a very successful career.
